

V-MAGNET

Magnetize your Vannamei Growth

PRODUCT DESCRIPTION :

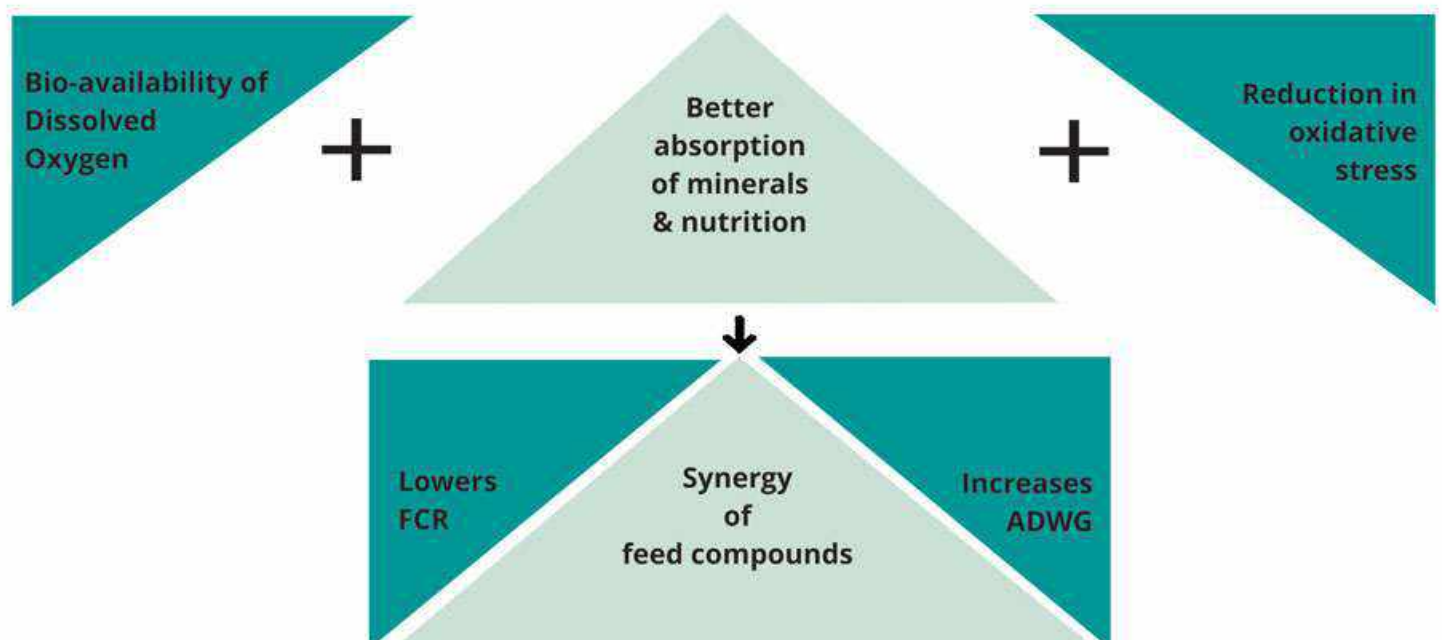

V-MAGNET is an aquatic growth promoter with *Silica+* active ingredient. **V-MAGNET** has the ideal aroma, protein composition and free-flowing texture to deliver *Silica+* effectively to Vannamei shrimps.

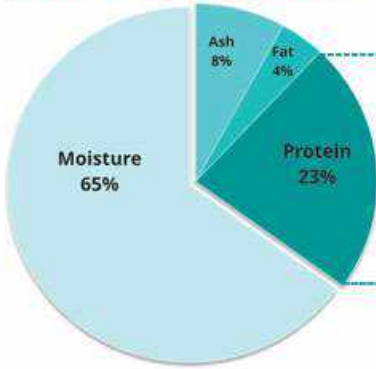

Silica+ is a revolutionary technology that restores biological homeostasis (balance) in the gut of Vannamei shrimps. It builds an unique synergy between probiotics, minerals and amino-acids. *Silica+* transports ions across the gut epithelial cell membrane by exciting the molecular water with synchronized delivery of electromagnetic energy.

Silica+ was developed after 10 years of research and currently used in many countries worldwide.

BENEFITS :

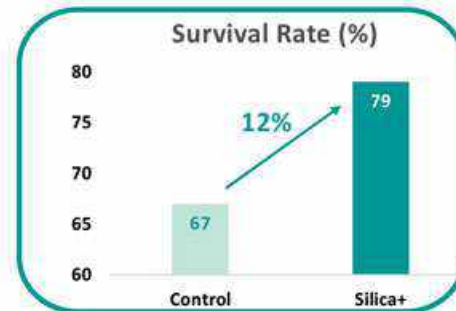

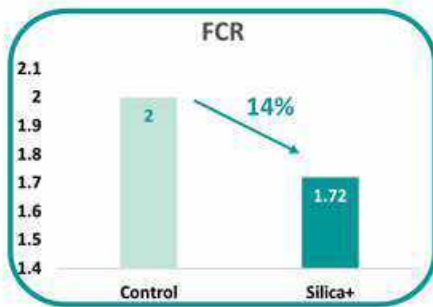

V-MAGNET COMPOSITION :

Molecular Weight (Da)	% Area
<500	65%
>500-20000	35%

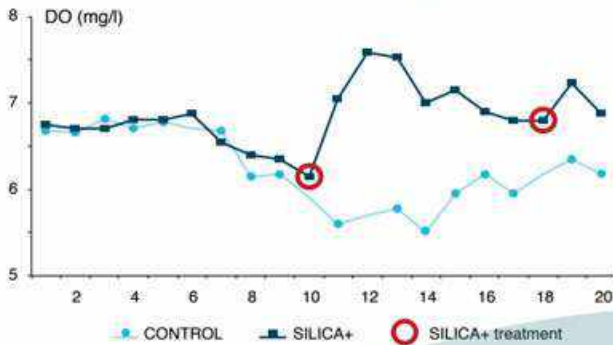

65% of amino acids under 500 Da --> Highly digestible
Amino acids digestion --> Immune boosting ability

Silica+ global trial reports :

*Based on trials from Thailand, Vietnam, China and Canada

Effect of SILICA+ on dissolved oxygen in water

Dosage:

2% - 20ml/1Kg of feed mixed and dried for 30min before broadcasting the feed. Inclusions to be min. 2 meals/day (No additional binder required during mixing)

Manufactured by:

Plot No. : S-1, SIPCOT Industrial Complex,
Phase 3, MR Puram, Ranipet - 632405,
Ranipet District, Tamil Nadu, India

For Customer care : sales@caprienzymes.com / 7338886839

CAA Approval No.: CAA/JAN20/FA/03482

Contains no Antibiotics
Contains no Hormones
100% Eco-friendly product

Store in a cool, dry place away from sunlight
